MATH CONTENT COMPARISON:

NEW THREE COURSE SEQUENCE	CURRENT TWO COURSE SEQUENCE

Part I   Whole Numbers   Part I   Whole Numbers

        Fractions   Fractions

        Decimals   Decimals

        Intro to Percent Numbers (transition topic)

==============================

Part II Ratio and Proportion   Ratio and Proportion

        Percent   Percent

        Measurement   Measurement

        Geometry   Geometry

                                                     ========================

        Signed Numbers   Part II Signed Numbers

        Real Number Properties   Real Number Properties

        Variables and Expressions   Variables and Expressions

        Basic Equations and Problem Solving   Basic Equations and Problem Solving

==============================

Part III Linear Equations, Problem Solving and Inequalities   Linear Equations, Problem Solving and Inequalities

        Linear Equations in Two Variables   Linear Equations in Two Variables

        Systems of Linear Equations   Systems of Linear Equations

        Integer Exponents and Polynomials   Integer Exponents and Polynomials

        Factoring   Factoring

        Quadratic Equations   Quadratic Equations
